

## MAXWELL FINISHES YEAR WITH RACE WIN

Demolition Plus GAS Honda's Wayne Maxwell has finished the year off in style, claiming victory in the final race of the 2010 season. Maxwell was right on the pace in Fridays practice after a long stint off the bike, and no testing at the Tasmanian circuit

A tough qualifying session left Maxwell in 5th position with a massive task in front of him heading into the Superpole qualifying session. Knowing that a front row start was of utmost importance, Maxwell put it on the line during his Superpole lap and managed to set the second fastest time securing his place on the front row.

The hard fought first race didn't go to plan as Maxwell crossed the line in 5th position after battling with fellow Honda rider and Championship contender Bryan Staring.

The final race of the year was set to be exciting as the rain was falling, and the Championship was still up for grabs. A 19.5 points deficit heading into the last race left Maxwell determined to finish off with a win. A solid start saw Maxwell settle into second place until passing Suzuki's Josh Waters on lap 3. Maxwell then commanded the race pushing the limits in the wet conditions to take the win, lapping at an incredible time 59.334; quicker than the V8 Supercars!

Maxwell gave it his all, but it wasn't enough to take the championship falling 6.5 points short. "Congratulations to Bryan who absolutely deserves this championship, he's had a fantastic year."
