

Title Sponsorship of GAS Honda Racing

Demolition Plus is pleased to announce its support as title sponsor of the GAS Honda Racing Team for this year's Australian Superbike (ASBK) Championship Series. Following on from a successful partnership, winning The Bel Ray 6 Hour race in November 2009, Demolition Plus is proud to support GAS Honda Racing in 2010.

Riding for GAS Honda, Wayne Maxwell is a strong contender for the title, having achieved third place in the ASBK Championship for 2009. Racing on the Honda CBR 1000RR for 2010, we believe Wayne has the drive and determination to have the series title within his grasp.

Demolition Plus is a Sydney-based demolition company, specialising in large scale commercial interior strip outs and structural demolition. Known throughout the industry for its passion for quality, safety, integrity and innovation, Demolition Plus has enjoyed strong growth over the past ten years. Established in 1999, Demolition Plus now employs over 50 people and is committed to delivering outstanding service, and providing its clients with a professional demolition solution through each and every project.

Managing Director, Richard Parry is thrilled with the opportunity to be title sponsor of GAS Honda Racing. "Demolition Plus has a long history and a strong affiliation with the motorcycling community in Australia. I have been racing since 2002, and following on from our win at The Bel Ray 6 Hour race in November 2009, we wanted to get behind the GAS Honda Racing team and Wayne Maxwell and enjoy an awesome season of racing together. Geoff Winzer has proved himself time and again to be a very professional team manager, and we are extremely proud to be involved with the GAS Honda Racing Team."

Richard will also be riding this year as part of the Demolition Plus GAS Honda Racing Team, moving up from the Superstock 600 to the Superstock 1000 C and D grade class, after a spill last August saw him sidelined for the remainder of the 2009 season. Richard is very excited to be back on the track.

Richard went on to say, "A large number of our clients are already fans of motorcycling and supported our team strongly at our recent win at The Bel Ray 6 Hour race. 2010 is already shaping up to be a big year for us, and we see this as a great opportunity to engage with our existing clients, and to attract further interest in our business from new clients as well."
